## CURIO-HAUS - PLACE OF PURE BEING

This is perhaps the greatest magic of the CURIO HOUSE:

It gives the earthly something sublime. On 1,800 square metres, every idea gets its space, every event its face. So let your feet follow your soul - across wide parquet floors and curved terrazzo staircases. Through bright corridors, into high halls and hidden rooms that whisper history. Rooms that cast people in their glory - there is hardly a greater appreciation of the moment.

This event location is not a backdrop: It is a place of pure being.
