## CURIO-HAUS – A PLACE IN IST PURE FORM

This is perhaps the greatest magic of the CURIO-HOUSE:

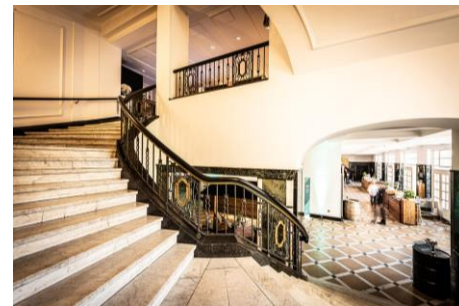

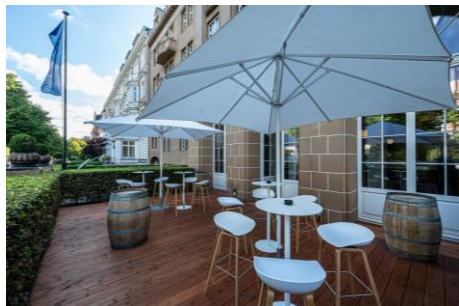

It gives the mundane something sublime. On 1.800 square metres every idea gets its space and every event its face. So let your feet follow your soul – across wide parquet floors and curved terrazzo staircases. Through the bright corridors, into high halls and hidden rooms that whisper history. Rooms that cast people in their glory – there is hardly a greater appreciation at that one moment.

This event location is not placed scenery: it is a place in its pure form.
